Monthly Data Volume limit ³		15 GB	20 GB	30 GB	50 GB	70 GB	100 GB	1 GB

- Service is on shared bandwidth and actual data rates will depend on demand.
- Fair Usage Policy applies to RESIDENTIAL services where maximum data rates will reduce by 20% for every 20% of data usage used over 30 days. When total usage limit reached service is throttled to 64kbps both ways until end of 30 day period when data rate is restored and data usage counter reset to 0. Boosters can be purchased to restore usage for the additional data volume purchased.
- The data volume limit is per 30 days and at subscriber choice either data rate will be throttled to 64kbps each way upon reaching limit until end of month or we will charge £7.00/€8.75 for every GByte over the limit used (VBB). GByte count is reset to zero at the start of each 30 day period. If throttled boosters can be purchased to restore service for the data volume purchased.

Fixed Public IP addresses can be provided as follows (PRO services only):

Subnet Size	Total Host IP Addresses	Price Per Month
/30 (block of 4 IP addresses) - 1 host address available	1	£8.00 (€10.00)

Network service availability is 99.5%

Satellite Broadband Service Order Form

Print this form, fill in the details and sign it.

You can fax the completed order form below to us on +44 (0)8707622204 or email scanned image to sales@primesatcom.com so we can start processing your order. On receipt of order form we will send an invoice for equipment, delivery and installation charges. We require full payment prior to delivery of the equipment and installation.

Once activated, we will send your first month's invoice which is immediately due. Thereafter we send automated invoices on or near to the 1st or 17th of each month. If you prefer to pay quarterly or annually, in advance, please let us know and we will arrange invoicing on this basis.

Please ensure that if an order number is required to be quoted on any invoice that this is provided to us in good time.

Prime Satellite Broadband sends all invoices by email. Please ensure that the correct email address to send the invoices to is written on the order form. On specific request we can also send invoices by post. Our policy is to minimize use of paper and transport which damage the environment. We charge £5+VAT per month to have invoices sent by post if this is required.

Payment of service invoices in a timely manner is important. We prefer if payments from UK banks are made via Direct Debit and will send you a Direct Debit mandate for your consideration. We also accept payment via standing order, BACS transfer, International transfers and UK bank cheques. We charge £2+VAT to process any cheque for less than £100 in value.

We have an Euro bank account if paying in Euros. Note that Euro prices may change if there is a significant change in the exchange rate.

To: Prime Satellite Broadband. Please supply install and deliver satellite broadband equipment with the indicated service below:
